# MSc Urban Climate and Sustainability

The 2 year Master in Urban Climate and Sustainability (MURCS)

- gives you a critical understanding of the complexity of urban sustainability and the need for local action to combat global climate change.
- offers several professional pathways in leading sustainable urban climate change adaptation/mitigation
- enables you to operate in senior positions – in both the public and the private sectors – to lead sustainable and climate oriented planning.
- is open for both existing urban professionals as well as those with multidisciplinary environmental backgrounds.

The curriculum is designed to inter-link three thematic areas:

The programme language is English.

## Meet MURCS group 2018!

From left, sitting: Henry Ibitolu (Nigeria), Carol Stephanie Torres Limache (Peru), Kiran Apsunde (India), Megi Zala (Albania), Thais Glowacki (Brazil), Carlos Soto (Venezuela), Ala' Al Dwairi (Jordan), Samira Nazir (Pakistan), Fariha Aasam (Pakistan)

From left, standing: Mahmudul Islam Chowdhury (Bangladesh), Paula Presser (Brazil), Oliver Carlo (India), Marina Khan (Pakistan), Bhaskar De (India)

Not in the photo: Hanna Stepani (Indonesia)

The first group of 15 students gathered together in September 2018 in Glasgow to start their two-year study programme. Modules of Induction, Sustainable Cities, GIS and Data management were carried out in GCU with visiting lecturers from partner universities.

MURCS students arrived in Lahti at the beginning of January. The students got acquainted during Finnish winter sports and games in Asikkala.
