Latest news from MURCS

MURCS students Marina Khan and Carlos Soto from the 2018 cohort received an award from Ramboll Ltd for their excellent work during their summer internships. They supported the following projects:

Marina: Expansion of the scope of variables towards a tool to measure livability in cities.

Carlos: Benchmarking of Green Bonds Systems as an instrument to finance green projects such as biodiversity monitoring and rehabilitation of quarries.

*Marina Khan with Niina Ahlfors and Eveliina Könttä from Ramboll. Carlos Soto, Kaisa Mustajärvi from Ramboll and prof Rohinton Emmanuel from GCU joined by Skype.
